

## How You Can Support the Partnership:

### Members of the Faith Community

1. Help us to reach the families you serve by **distributing information** about the services that are available to Danbury families to support their children's healthy growth, development, and education.
2. Supplement your **community outreach activities** with information about the importance of early childhood education and development, and the crucial role parents play as their children's first and most important teachers.
3. Provide **space/facilities** and other **in-kind resources** to support the Partnership's activities.
4. Become an active member of one of our **working teams** to help us implement our strategies and reach our goals for Danbury's young children.
5. Become **community spokespeople** and **vocal supporters** of the value of early childhood learning and development.
